Biting

当孩子咬伤他人

-Help children learn to say how they feel instead of act it out on others.

-If a child is biting for attention and to get a reaction, ignore them and only attend to the person who has been bitten. Later, make sure to give them praise and attention when they are behaving well.

贴士：

- 帮助孩子学习说出他们的感受，而不是用行为来代替。
- 如果孩子通过咬东西来引起注意，并期待得到反馈，忽视他们，仅仅只是处理当孩子被咬的时候。之后，如果孩子表现的很好，要确保给他们赞誉和关注。
